

AXXIS

The Axxis restroom is a significant innovation to our line of portable restrooms and the portable sanitation industry. When Satellite set out to redesign the Axxis we listened and learned from the very best, YOU, our customer! Featuring durable stainless-steel hinges, hands-free door latch, large hover handle, a re-engineered door assembly, and Satellite's impact base, the Axxis is not only an end-user's dream, but an operator's best friend. The improved features create a spacious feel that gives users the room to move around freely. Smooth surfaces with shallow impressions reduce dirt and debris buildup keeping the Axxis looking clean between services.
